INSTRUCTIONS:

1. On School Calendar above, circle all serving days for the entire school year.
2. On the Table to the right of the Calendar, enter the total number of FFVP servings needed that day of the week. If you are only serving some grade levels that week day, enter the number of students in those grades.
3. In the last column of the Table, total up the number of FFVP servings needed each week.
4. In the last row of the Table, total up the number of FFVP servings for that week day for the entire school year.
5. Total up the sums for each day in the last row of the Table and total up the sums of each week in the last column of the Table. These numbers should be the same. Hope your math works out!
