

**CHILD NUTRITION PROGRAM
STATE WAIVER REQUEST
NATIONAL SCHOOL LUNCH PROGRAM & CHILD AND ADULT CARE
PROGRAMS FLEXIBILITY WHEN SCHOOL BUILDINGS/FACILITIES ARE
CLOSED AND VIRTUAL CLASSES ARE OFFERED DURING NATURAL
DISASTER**

Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(l) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. When requesting the waiver of statutory or regulatory requirements for the Child Nutrition Programs (CNP), including the Child and Adult Care Food Program (CACFP), the Summer Food Service Program (SFSP), the National School Lunch Program (NSLP), the Fresh Fruit and Vegetable Program (FFVP), the Special Milk Program (SMP), and the School Breakfast Program (SBP), State agencies and eligible service providers should use this template. State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

For more information on requests for waiving Program requirements, refer to [SP 15-2018, CACFP 12-2018, SFSP 05-2018](#), *Child Nutrition Program Waiver Request Guidance and Protocol* - Revised, May 24, 2018.

The State Agency Hawaii Child Nutrition Programs (HCNP) requests this waiver for National School Lunch Program (NSLP)/School Breakfast Program (SBP)/Child and Adult Care Food Programs (CACFP) participants, in good standing, to provide flexibility when school buildings/facilities are closed.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(l)(2)(A)(iii) and 12(l)(2)(A)(iv) of the NSLA]:

Hawaii requests these waivers so we may respond to unanticipated school closures due to natural disasters. With the closure of school buildings/facilities during disasters students' ability to receive healthy nutritious meals is greatly impacted. Currently, the islands of Maui and Hawaii are experiencing fires that have decimated many communities on the islands. Schools have been lost or badly damaged.

We would also like to request flexibility for our preschool operators who have experienced loss of facilities due to natural disasters. While we understand the waivers offered for CACFP are primarily for the at-risk afterschool component, we would like the flexibility to offer these waivers to our preschool providers who provide service in area-eligible locations.

Goal of Waiver to Improve Services

- If approved to utilize this waiver, for SY 23-24, the flexibility will allow SFAs and CACFP sponsors to provide meal services to students displaced by school closures due to the natural disaster. During disaster periods children have a high propensity to be food insecure. It is a social responsibility to do what is necessary to ensure children are provided nutritious meals so that they can continue to survive during these difficult times. In addition, providing nutritious meals will alleviate a major concern for families already dealing with a traumatic and devastating event.
- These flexibilities will allow our sponsors to continue to provide services to their students. It will also relieve some administrative pressure on sponsors and families. Sponsors can focus on providing meals without the additional worries of having to comply with the congregate feeding requirements during a disaster.

Expected Outcome of Waiver

- Use of the waiver will allow students to receive healthy nutritious meals during a natural disaster.
- The waivers will minimize hunger and food insecurity during a natural disaster.
- Allow families to focus on rebuilding their lives to get back to normal.
- Allow sponsors to concentrate on providing meals under difficult situations without the added complication of congregate feeding regulations.

- Simplify program administration for the sponsors so they can focus on the highest priority needs of their program/sites.
